Bulletin Board Ideas

Here is a suggestion for a bulletin board design using the Tiny Tumbleweed illustration:

- Photograph each child and print the pictures.
- Using the tumbleweed illustration, affix the child's picture in the center.
- Create a simple desert scene as the bulletin board background. Use brown poster paper as the ground and blue poster paper for the sky. Draw a large Saguaro or several desert plants of choice.
- Display the student "tumbleweeds" randomly around the bulletin board in different positions— some sideways, some upright, and some almost upside down.

Suggested Bulletin Board Titles:

- *Tumbling into Kindergarten*
- *Tumbling out of Kindergarten into First Grade*
- *Look Who's Tumbling into Second Grade*
- *Look Who's Tumbling into Third Grade*
